

What time is it?

What time is it? That is a good question!

A day has 24 hours. One hour has 60 minutes. One minute has 60 seconds.

People in different countries may have different time.

The sun comes up and goes down every day.

Beijing

It is seven o'clock in the morning in Beijing. Children are getting ready for school. Some people are going to the park to do exercise. Some people are travelling to work.

But in other places, the time is different. What are people doing at the same time?

London

It is eleven o'clock in London. Many people are sleeping.

Good night! Sweet dreams!

New York

In New York, people are having dinner.

It is family time.
